Session Descriptions

1) **FIRST AID:** The basics

Janet Chamberlin & John Jones/NBFD-EMS

Safety is an awareness of your surroundings and a fear of unstable situations. However, accidents happen every day. Knowing the basics of first aid and situational awareness can go a long way. This session will review what you can do in the first few minutes as well as making your home and family safe.

1. STEPS TO PREVENTION
2. BASICS OF FIRST AID - EARLY CARE & PROTECTION FROM FURTHER INJURY
3. AUTOMATED EXTERNAL DEFIBRILLATOR (AED) OVERVIEW.

2) **HOME SECURITY:** Starts with you

Christopher Krajenka / NBPB - Chief of Police

US crime data shows that, 65% of the burglaries that occurred in the U.S, occur in residential homes. This session will discuss the elements of good home security, firearms and what you should do to make them SAFE. In addition; This session will also review the steps you can take for your own personal safety.

- 1) HOME SECURITY, 2) PERSONAL SECURITY, 3) FIRE ARMS SAFETY

3) **WIRES AND FIRES:** Utility power safety

Bob LaChance - PSNH

Hundreds of fires and medical emergencies are caused by electrical hazards each year. "Fires and Wires" is a unique mix of classroom discussion and live demonstrations of what happens when safety and electric utility power are not considered. This becomes very important during disasters.

1. POWER TABLE DEMONSTRATION
2. UTILITY POWER FACTS AND FICTION

4) **HOME FIRES & FIRE EXTINGUISHERS**

Rodney Towne & Bryan Wells / NBFD

Fires inside your home can be a serious hazard. In 2008, 84% of all fire-related deaths and 81% of injuries were the result of residential structure fires. But even if you never use it, it's important to know how a fire extinguisher works, which type of extinguisher to buy and how to properly use it in the event of a fire.

1. SELECTION OF THE RIGHT FIRE EXTINGUISHER FOR YOUR HOME
2. THE BEST LOCATIONS TO PLACE EXTINGUISHER AT IN YOUR HOME
3. LIVE DEMONSTRATIONS OF THE USAGE OF FIRE EXTINGUISHERS

SURVIVAL KITS: The first 72 hours

Bill Thomson, Director / New Boston CERT

An emergency can arise at anytime no matter where you are. An emergency kit and with emergency supplies may be critical to your survival and comfort after any emergency or disaster. In this session you will receive the following:

1. WHY A SURVIVAL KIT IS IMPORTANT FOR YOUR AND YOUR FAMILY.
2. REVIEW THE CONTENTS OF A KIT AND THE BASIC REQUIREMENTS.
3. A CHECKLIST AND HANDOUTS SO ATTENDEES CAN PREPARE THEIR OWN KITS.

6) **INSURANCE & DISASTERS:** What you need to know

Eric Gallant, VP & Luke Morton of Stuart Clark Insurance

This expert panel moderated by Eric Gallant of Stuart Clack Insurance will discuss and take your questions on the following:

1. WHAT DOES AND DOESN'T HOMOWNERS/RENTERS INSURANCE COVER?
2. WHAT ARE THE TYPES OF INSURANCE? RELATING TO HOMEOWNERS, BUSINESS ETC.
3. WHAT IS FLOOD INSURANCE AND ISN'T IT INCLUDED IN MY INSURANCE?
4. THINGS TO THINK ABOUT WHEN LOOKING FOR INSURANCE AS IT RELATES TO DISASTER AND MORE.
